CLIPPED D-HEAD NAIL

- **Top-Tier Performance:** Drives nails up to 90mm with a pneumatic-like feel with the **Pneumatic Spring** driving system - for superior performance versus gas or flywheel models
- **Advanced Brushless Motor:** Ensures efficient firing while maintaining consistent power.
- **Well-Balanced Design:** Improved center of gravity for optimal pressure distribution, enhancing control and finish quality.
- **Anti Slip Nose:** Tip shape that resists slipping when driving nails at an angle, an additional attachment can be added to ensure no marks are left on the material you are firing into.
- **Anti Dry Fire Mechanism:** The anti-dry fire mechanism is activated before the number of remaining nails reaches zero, avoiding missed shots.
